# REVICOLLMAX

## REVICOLL MAX OMEGA PLUS+ K2MK7

A multifunctional product that significantly supports the functioning of the circulatory system, cartilage, and skeleton.

It supports the correct functioning of the nervous system.

It contributes to accelerating processes of regeneration of fractures, injuries, and healing of wounds. Positively influences skin, hair and nails' condition.

# REVICOLLMAX

NYTRIVI

It's a complementary supplement of 100% natural origin, rich with the entire spectrum of synergically co-functioning minerals and trace elements that an organism is unable to synthesize on its own and has to supplement it.

Preventing heart and cardiovascular system diseases, preventing the calcification of blood vessels. Strengthening the artery walls, reducing the risk of thrombosis and coronary heart disease

Supporting proper functioning of the brain and nervous system. Preventing mood swings and depressive states

Strengthening of bones and cartilages. Accelerated healing of fractures, injuries of tendons and joints. Prevention of osteoporosis

Support for immunity. Anti-inflammatory effect. Cancer prevention

Beautiful skin, hair and nails

Accelerated wound healing. Antibacterial and antifungal properties

## The new formula of the preparation

means more than 25% content of fish oil and hence – an increased concentration of fatty acids Omega 3 that are essential for your health.

↑**25%**

**EPA**

**DHA**

**OMEGA3**

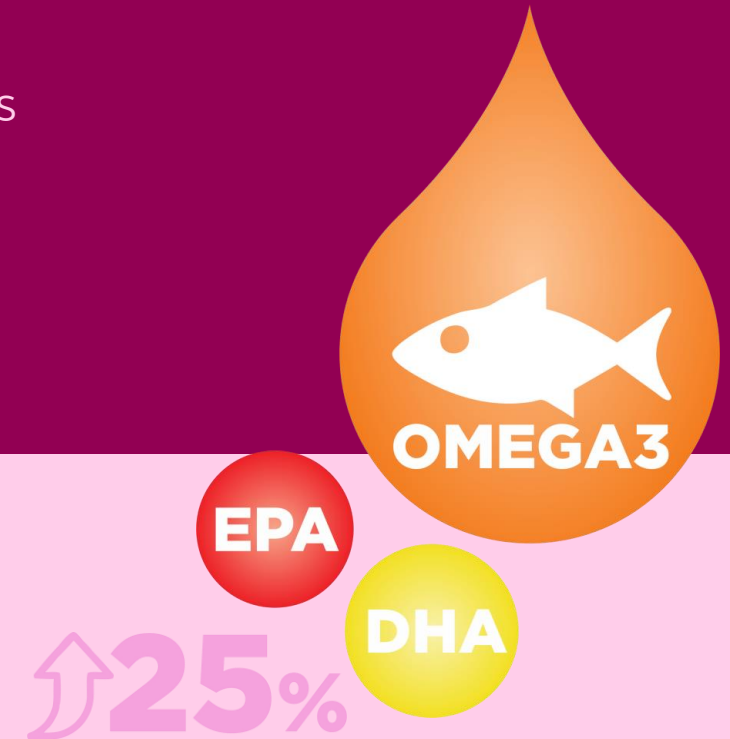

## The new formula of the preparation

One capsule of Revicoll MAX contains 400 mg of fish oil that holds as much as 240 mg Omega 3 (DHA and EPA) – long-chain fatty acids belonging to the essential NNKT unsaturated acids.

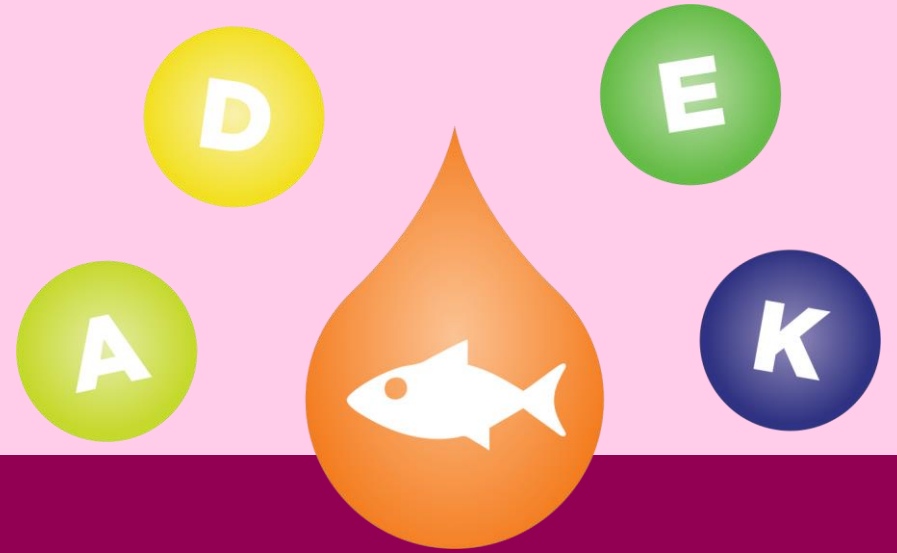

**240 mg Omega 3:**  
/ 144 mg EPA  
/ 96 mg DHA  
in one capsule of  
Revicoll MAX

## Complementary and complete

It contains the entire set of vitamins soluble in fat: A, D, E, K and the necessary, for the proper absorption, 'drop of fat' in the form of fish oil.

One capsule of Revicoll MAX contains:

/Vitamin A	400 µg (50% NRV*)
/Vitamin D	50 µg (1000% NRV*)
/Vitamin E	6 mg (50% NRV*)
/Vitamin K	50 µg (67% NRV*)

Vitamin K, in the form of K2 MK-7 enables a proper absorption of the duet of vitamin D and calcium

\*(NRV) Nutrient reference value.

## Complementary and complete

Revicoll MAX is an excellent source of **amino acids**, **peptides and fish collagen** as well as **calcium** from a well-absorbed source of fish bones.

Rich with the entire spectrum of synergically co-functioning **minerals and trace elements**, essential for maintaining proper functioning of the organism.
